YASH SINGH

FULL STACK DEVELOPER

New Delhi, India | +91 8920534720 | yashsingh8920@gmail.com | www.theyashsingh.in

SUMMARY

I am a Full Stack Developer with a strong ability to build responsive, user-centric web applications from the ground up. I specialize in transforming complex requirements into clean, functional, and visually engaging digital solutions. With a keen eye for design, a passion for seamless user experiences, and a commitment to staying updated with the latest technologies and trends, I thrive in collaborative environments and contribute effectively as a reliable and forward-thinking team member.

WORK EXPERIENCE

Web Developer Intern, Startup Coaching   Jun 2025 - Present

- Developed complete websites from scratch for both the company and its clients, handling both frontend and backend tasks.
- Utilized React.js, Node.js, Express, and MongoDB to build scalable, full-stack web applications.
- Worked with WordPress and Shopify to create and customize websites as per client requirements.
- Designed responsive and user-friendly interfaces using HTML, CSS, JavaScript, and React.js.
- Implemented custom backend functionalities and APIs to support dynamic website features.
- Created tailored page layouts and product displays to enhance user experience and engagement.

Web Developer Intern, DoseTap   Jun 2023 - Sep 2023

- Developed and launched an e-commerce website using Shopify for both frontend and backend, and customized frontend with HTML, CSS, JavaScript, and React.js for a responsive, user-friendly platform.
- Utilized Shopify for backend development, implementing custom features to enhance website performance and user experience.
- Designed and implemented custom pages, including a unique product page layout, to effectively showcase products and provide comprehensive information to customers.

Wordpress Developer Intern, KSAC   Feb 2023 - March 2023

- Designed and developed the company's website from scratch using WordPress, delivering a responsive and user-friendly interface.
- Customized themes and implemented plugins to meet specific business requirements and enhance site functionality.
- Created new pages and features using WordPress tools, HTML, CSS, and JavaScript to support evolving content and marketing needs.
- Ensured cross-browser compatibility and responsiveness across all devices to optimize user experience.
- Regularly tested, debugged, and resolved technical issues to maintain smooth website performance and reliability.

Web Developer Intern, DoseTap   Jan 2023 - Jan 2023

- Updated and maintained existing website functionalities to ensure compatibility with the latest web standards and technologies, enhancing user experience through responsive design and improved performance.
- Created new web pages and features to meet evolving business requirements and user needs, delivering innovative solutions and driving engagement using HTML, CSS, JavaScript, and other web development tools.
- Identified and resolved technical issues and bugs on the website, conducting thorough testing and debugging to ensure seamless functionality and optimal performance across different devices and browsers.
